

Technology Products Newsletter

April 2023

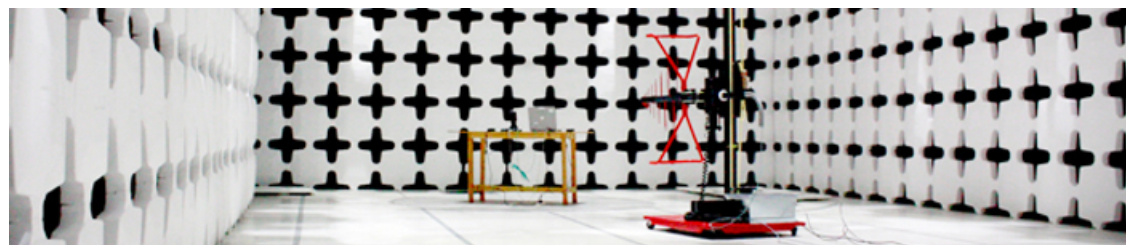

Welcome to our April issue of Bureau Veritas' Global Technology Products Newsletter providing our latest updates on electrical, automotive/new mobility and electronics/wireless market segments.

Bureau Veritas launches BV Cyber Mark for Consumer IoT Products

The Cyber Mark leverages Bureau Veritas' existing BV Mark scheme and verifies the true Cybersecurity of consumer IoT products, with the scheme backed by accepted and recognized international standard ETSI EN 303 645, Bureau Veritas' Cybersecurity expertise, and a clear label to denote the real Cybersecurity level of consumer products.

Bureau Veritas Consumer Products Services opens New Wireless Test Lab in Vietnam

Bureau Veritas Consumer Products Services has recently opened a new wireless lab in Hanoi, Vietnam. The new location provides a wide range of EMC and RF testing and a range of advisory services, supporting clients with their global market access requirements. It is also an important step in our ongoing strategy to support technology clients worldwide, an increasing number of whom are moving R&D / production to the region.
