

Public Consultation on Two Potential SVHC Under REACH

The European Chemical Agency has launched a new public consultation concerning two potential SVHC. Stakeholders can provide comments on these proposed SVHC until 15 April 2024. Comments will be taken into account when deciding whether the substances will be added to the ECHA Candidate List of SVHC.

Background

On 01 March 2024, the European Chemicals Agency (ECHA) published two new potential Substances of Very High Concern (SVHC) candidates (see below table). After preparing dossiers for the substances, the ECHA has now invited interested parties to a public consultation in which they can provide comments within a timeframe of 45 days (until 15 April 2024).

A decision will be made as to whether the substances will be included to the ECHA Candidate List of SVHC after the consultation.

The two Potential SVHCs

Name	CAS no. (EC no.)	Reason for proposing
Bis(α,α -dimethylbenzyl) peroxide	80-43-3 (201-279-3)	Toxic for reproduction (Article 57c)
Triphenyl phosphate	115-86-6 (204-112-2)	Endocrine disrupting properties (Article 57(f) – environment)
