

E.A.W. eNewsletter

February 2021

Welcome to our February issue of Bureau Veritas' global EAW eNewsletter providing our latest updates on electrical and electronics, automotive and wireless market segments.

Bureau Veritas Exhibiting at the embedded world 2021 DIGITAL

Bureau Veritas will be exhibiting at the embedded world 2021 DIGITAL from **March 1 – 5, 2021**. We will present our broad portfolio at our digital booth:

Engineering Services

Advice on the integration of radio modules and influence on certification aspects, antenna integration, optimization of RF performance // Development support of IoT services.

Test Services

EMC and interference emission tests, radio, protocol, OTA antenna, electrical safety, explosion protection tests (ATEX), radar sensors, environmental simulation tests, antenna calibration...

Global Market Access Services

International type testing (RED, FCC, ISED Canada, GS, CE, e-marking, Ex etc.), certifications (Bluetooth®, LoRa, Sigfox, Thread, ERA-GLONASS, MirrorLink, Wireless Power, GCF, PTCRB, Tetra BOS) as well as network operator and service provider qualifications.

Standard Certification System for Radio Equipment in Japan

Many of the wireless devices and IoT products that are familiar to us are conforming to the technical standards set by the Ministry of Internal Affairs and Communication. The standard certification system for radio equipment includes technical standard conformity certification and construction design certification. Authorized by The Ministry of Internal Affairs and Communications (MIC), a Registered Certification Body (RCB) like Bureau Veritas provides the MIC certification for type approvals in Japan.

Bureau Veritas Webinars

Cybersecurity for Medical Devices – Risks & Threats, Applicable Regulations and Standards
2 March, 2021

Certification Rules for Smart Module Integration
2, 18 March, 15 April, 20 May, 2021

Common Criteria for Embedded/Software Products: The Ultimate Security Recognition
4 March, 2021

5G Industry Automation – What is required for Certification
8 – 12 March, 2021

Cybersecurity in IoT – Regulations and Standards
15 – 19 March, 2021

Industry Events

embedded world 2021 DIGITAL
1 – 5 March, 2021

Measurement World 2021
Eurexpo Lyon
Lyon, France
7 – 10 September, 2021

EMV 2021 – Online
22 – 26 March, 2021

Automotive Testing Expo 2021
Suburban Collection Showplace
Michigan, USA
Booth No.: 5002
26 – 28 October, 2021

Toulouse Electronics Forum
Toulouse Exhibition Center
Toulouse, France
1 – 3 June, 2021

Angers Electronics Forum
Angers Exhibition Center
Angers, France
23 – 25 November, 2021

Regulatory News

- Qatar CRA issued Public Consultation on Class License for Short Range Devices - Version No. (4)
- Algeria ARPCE update SRD characteristic for private internal radio networks
- New Zealand Radiocommunications (Compliance) Notice, 2020
- Egypt NTRA issued Radio Spectrum Guidelines for Short Range devices (Issue 1.0)
- China MIIT/SRRC issued Public consultation regarding 2.4GHz/5.1GHz/5.8GHz device
- Moldova Technical regulation for Radio Equipment adopt CE marking
- BOCRA announced no labeling of product for Botswana market
- Indonesia SDPPI new announcement regarding recognition of foreign testing laboratories for telecommunication devices (No.11/2021)
- MEXICO: Request for SAR evidence from 25th February 2021
- TURKEY: Import regulation change since November 2020
- US – Federal – Federal Trade Commission - 16 CFR Part 305: Energy Labeling Rule
- Three landmark UN vehicle regulations enter into force

- Decree n ° 2020-1696 of 23 December 2020 relating to the minimum characteristics of power supply and safety devices for recharging installations for electric and plug-in hybrid vehicles
- New York (US) Proposes Bill on Lithium Battery Warning Labels
- Egypt – Ministry of Trade and Industry Decision No. 29 of 2021
- Implementing Decision (EU) 2019/1956 concerns harmonized standards applicable to electrical equipment intended for use within certain voltage limits and drawn up in support of Directive 2014/35 / EU
- Japan - Proposed/Draft - Partial Amendment of Regulations for Enforcement of the Radio Law, etc. (G/TBT/N/JPN/688)
- Japan - Proposed/Draft - Call for Opinions on the Land Radio Communication Committee Report
- South Korea - Proposed/Draft - Partial Revision of the Operation Guidelines of the Electrical Appliances and Household Goods Safety Management Act
- Egypt – Ministry of Trade and Industry Decision No. 29 of 2021
